COUNTRY 1470 CHOW RADIO

Wellport Broadcasting Ltd.

February 11, 1987

Mr. William A. Burrows
709 Division Street
GLOUCESTER CITY, New Jersey
U S A
08030

Dear Mr. Burrows:

Yours is the first D.X. report we have had from New Jersey. The midnight sun must assist our signal to the United States.

An examinaton of our program log and a review of our monitor tape for June 24, 1986 definitely confirms your reception of our station.

While our technical and legal broadcast allowances are primarily centred within the Niagara Region of the Province of Ontario, we do encounter sky wave and skip reception being heard through-out the world.

It is always a pleasure to know we are being received so far from home. Thank you for your nice letter and comments. May you continue to enjoy your D.X. hobby, in good health and much happiness.

Yours truly,

Suzanne Burnett
